The Franklin county grand jury has indicted twelve distillers for failing to report to the Auditor. The due is from \$500 to \$1,000. There were no local distillers in the list.

## CANCER IS DEADLY!

Results Fatally in Nine Cases Out of Ten—A Cure Found at Last.

This fearful disease often first appears as a mere scratch, a pimple, or lump in the breast, too small to attract any notice, until, in many cases, the deadly disease is fully developed.

Cancer can not be cured by a surgical operation, because the disease is a virulent poison in the blood, circulating throughout the system, and although the sore or ulcer—known as the Cancer—may be cut away, the poison remains in the blood, and promptly breaks out afresh, with renewed violence.

The wonderful success of S. S. S. in curing obstinate, deep-seated blood diseases which were considered incurable, induced a few despairing sufferers to try it for Cancer, after exhausting the skill of the physicians without a cure. Much to their delight S. S. S. proved equal to the disease and promptly effected a cure. The glad news spread rapidly, and it was soon demonstrated beyond doubt that a cure had at last been found for deadly Cancer. Evidence has accumulated which is incontrovertible, of which the following is a specimen:

"Cancer is hereditary in our family, my father, a sister and an aunt having died from this dreadful disease. My feelings may be imagined when the terrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly in such a way as to cause great alarm. The disease seemed beyond the skill of the doctors, for their treatment did no good whatever, the Cancer growing worse all the while. Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family, for I knew how deadly Cancer is, especially when inherited. I was advised to try Swift's Specific (S. S. S.), which from the first day, forced out the poison. I continued its use until I had taken eighteen bottles, when I was cured sound and well, and have had no symptoms of the dreadful affliction for nearly three years have elapsed. S. S. S. is the only cure for Cancer.—Mrs. S. M. Idol, Winston, N. C.

Our book on Cancer, containing other testimonials and valuable information, will be sent free to any address by the Swift Specific Company, Atlanta, Georgia.

## NATIONAL

Benefits Derived From the Religion of Christ.

National Character, Like That of

An Individual,

Is the Established Order of Disposition.

National life is but a type of the manhood fostered by a nation's laws; hence whatever contributes to the betterment of the individual life of a nation is a national benefit.

Are there any such benefits enjoyed by the American people which have come to us through the religion of Christ? We have but to contrast the history of nations less prosperous and desirable to appreciate the principles upon which our government was founded, and whose legitimate fruit are the national benefits we enjoy.

National character, like that of an individual, is the established order of disposition. Questions and things must be treated by nations as well as by individuals; and the accepted order of disposition becomes known as the character of the nation.

Along the line of national character in view of those facts, America (U. S.) presents the strongest arguments the world has known in support of the principles of Christianity in matters of government.

Our people are a conglomeration of all the blood and brain of the world, and yet, in spite of natural disadvantages arising from this feature of its people, the social advantages of America stand as a model in the eyes of the world. What has been the cause of this uplift? The teachings of Christ and the apostles.

Muscle and iron are useful agencies but they serve a small place in demonstrating the power of a man or a nation. Men are not measured by the size of the waist band, nor do we measure the nation's power by the distance from New York to San Francisco, but by the heaven-born spirit of charity for the oppressed and love for the world.

No nation, on the earth now, known to history, ever extended its commerce in so short a time to such proportions as that enjoyed by the American people, going forth with a sense of honor bestowed on them by the giver of the great Commission.—W. H. Kuapp, in Christian Guide.

### Queer Advertisements.

Somebody has been collecting queer advertisements from the papers; here are a few specimens:

Wanted—An organist and a boy to blow the same.

Wanted—A boy to be partly outside and partly behind the counter.

Wanted—A boy to deliver oysters who can ride a bicycle.

Widow in comfortable circumstances wishes to marry two sons.

Annual sale now on. Don't go elsewhere to be cheated—come in here.

For sale—A pianoforte, the property of a musician with carved legs.

Wanted—A room by two gentlemen about thirty feet long and twenty feet broad.

A lady wants to sell her piano, as she is going abroad in a strong iron frame.

Wanted by a respectable girl, her passage to Europe; willing to take care of children and a good sailor.

To be disposed of, a mill phonon, the property of a gentleman with a gentleman with a movable headpiece as good as new.

Lost near Highgate archway, an umbrella belonging to a gentleman with bent rib and bone handle.

Lost—A collie dog by a man on Saturday evening answering to Jim with a brass collar around his neck and a muzzle.

Mr. Brown, furrier, begs to announce that he will make up gowns, caps, etc., for ladies out of their own skins."

### POLITICAL SCHEMERS

Knocked Out the Rock Crushers in Bourbon.

On our recent trip in Bourbon we saw men breaking rock by hand for the pike. We asked about the crushers bought a few years ago and were informed by the contractor that they had been side-tracked and that the pikes were being supplied with hand-broke stone. We understand that "politics" did it.

### Are Tired of War.

Maj. Gen. Otis says the better class of the Filipinos are tired of war and desire peace. The rebels are much scattered, and will not engage in open battle, seeking only to attack detached forces. They are demoralized and weakened by death and desertion, but hope to profit by the withdrawal of volunteers. The return of the volunteers will begin May 5, and will continue during June and July.

### Counterfeiters Nabbed.

In Philadelphia Arthur Taylor and Baldwin S. Bradwell have been arrested for counterfeiting. There seems to be a wholesale gang engaged in this illegal business, many of whom are now in the hands of the officials. Quite a number are prominent in business. Enough counterfeit stamps were found to cover \$40,000,000.

### A \$100 Dinner.

The second "dollar" Bryan dinner—this one called the workmen's dinner—was given on last Wednesday night at the Grand Central Palace, in New York. About one thousand five hundred men and women were present.

### Tallaferra Senator From Florida.

In the Florida Legislature on last Thursday James P. Tallaferra, of Jacksonville, was elected United States Senator in the first joint ballot receiving fifty-nine votes out of the total vote of ninety-six.

### Diamond Dust.

The delight to do right is the only right delight.

Prayer is the parent of piety and the pioneer of prosperity.

Do the best you know, and you will soon know what is best to do.

Honesty is a jewel, but that is no reason why you should keep it for special occasions.

He who casts stones at others makes of himself a target for their return.

If we owe God a debt, he helps us pay it. If we owe man, he requires us.

Take care of number one, but take care it is the right—the soul, not the body.

Some men like to mistake the echoes of their desires for the voice of conscience.

The sin which has been soaked in the tears of repentance is easiest washed away.

Gossip is a beast of prey that does not wait for the death of the creature it devours.

A grain of sand in the eye can cause excruciating agony. A grain of pepper in place of the grain of sand intensifies the torment.

The pain is not confined to the organs affected. The whole body feels the shock of the little irritating particle.

It is so when there is any derangement or disorder of the delicate womanly organs. The disorder may seem trivial but the whole body feels it.

The nervous system is disordered. There are fretfulness, irritability, sultriness and depression of spirits.

The general health of woman depends on the local health of the organs peculiarly feminine. Remove the drains.

Operations leading down pains, and other afflictions of women and the whole body feels the benefit. Dr. Pierce's Favorite Prescription is a specific for the diseases that undermine the strength of women. It is free from opium, cocaine and other narcotics, poisons which enter into many of our preparations for women's use. It makes weak women strong and sick women well.

### Work and Worry.

It is not work but worry that kills. Some one has asked the question, "Why is it that a little child can run about from morning until night without ever seeming to get tired? If sleep overtakes him at all, it has to catch him unawares."

But the answer is that the child does the work and lets the father take the worry. If we would live life in that way we should find much more enjoyment, and our work would not weary us. Let us do the work, and let our Heavenly Father take the worry.

### A Farmer's Reason For Temperance.

At a recent temperance meeting a farmer gave five reasons for being a total abstinent. These were: "Love of himself, of his home, of his friends of his country, and, most important, love of his God, whose commandments he considered, embrace total abstinence."

### Ninety Per Cent.

Of the people are afflicted with some form of humor, and this causes a variety of diseases. The reason why Hood's Sarsaparilla cures when all others fail is found in the fact that it effectually expels the humor. Scrofula, salt rheum, boils and all eruptions are permanently cured by this great medicine.

Hood's Pills are the best family cathartic and liver tonic. Gentle, reliable, sure.

## AMERICAN ENTERPRISE

As Seen On Every Sea and Land.

Judge Van Wyck, of New York,

on "Our Country and Her Commerce."

In a recent speech Judge Augustus Van Wyck, of New York, in responding to the toast, "Our Country and Her Commerce," said:

"Your patience and my voice would both alike give out long before the task was finished if I should venture to discuss with anything like adequacy even a very few of the more important branches of American commerce."

It has come to pass, as you know, that our country is now the greatest center of industry and the chief producer of exports on the globe. The evidences of our skill and enterprise are to be found on every sea and in the remotest hamlets of every civilized and half-civilized country. Our steel rails, for instance, are being laid in British India, and our locomotives are in demand in Europe, Asia and South America. More than two-thirds of the Old World is clothed with our cotton, and were it not for the abundance of our soil, combined with the well-applied labor of our husbandmen, the inhabitants of several of the chief nations would suffer for the lack of food. In the villages of Arabia the American lamp filled with American oil may be said to typify the mental light which, we trust, is destined to reach those remote nooks from our centers of Christian culture; our reaping machines are finding increasing favor among the farmers of Russia; the electric light, as developed by Edison, sheds a cheerful radiance over Cairo and Jerusalem; France has become a considerable purchaser of American wine, and the people of the British Isles are reading newspapers printed by presses of American invention on American paper and walk about their daily business in American shoes. Japan is buying American built ships of war; China is coming to terms with our men of enterprise for the opening up of some of her too long dormant sources of wealth, and in Australia we find a still improving market for all sorts of Yankee notions.

"That a country shall be great commercially several things must coexist within its borders. It must have the necessary natural resources; its people must be skillful and industrious enterprise must be fostered by just laws and the spur of free competition."

Porter's Antiseptic Healing Oil.

Relieves all pain instantly. For cuts, burns, boils, bruises, itch, eczema, catarrh, sore throat, erysipelas, corns, chapped hands or lips, piles, and all ulcers or sores of skin or mucous membrane, it is a sure and permanent cure. Will cure sore or inflamed eyes in 48 hours. Satisfaction guaranteed or money refunded.

Horsemen will find this oil will cure scratches, cracked heels, halter burns, old sores and collar galls. No cure no pay.

### What Teller Says.

Senator Teller, of Colorado, in an interview says that the silver organization should be maintained throughout the country, as he believes the money question will again be the great issue in 1900. He says the next Democratic national convention will endorse the Chicago platform and that the silver Republicans will ally themselves with the Democrats.

FOR LEGISLATURE—

Of Montgomery County.

## ANNOUNCEMENTS.

We are authorized to announce John R. Chenault, of Madison county as candidate for State Auditor, subject to the action of the Democratic party.

We are authorized to announce Mr. Green R. Keller, of Nicholas county, as a candidate for Secretary of State, subject to the action of the Democratic party.

We are authorized to announce M. A. Cassidy, of the county of Fayette, a candidate for Superintendent of Public Instruction, subject to the action of the Democratic party.

I am a candidate for re-election as Railroad Commissioner from the Third Kentucky District, subject to the action of the Republican party. I base my claims upon long adherence to the principles of my party; loyalty to all its nominees; years of earnest effort for its success, and faithful and conscientious performance of my official duties.

Respectfully,  
JOHN C. WOOD.

## TRUSTS.

It has been shown that the railroad trust, the first trust to be organized in this country was not an unmitigated evil. The proof of it was that the trust reduced its rates on shipping enormously and that the general public was saved more than two billions and a half dollars under the average traffic rates since its organization. Had the rate that prevailed before the trust was organized been continued all the years the aggregate increase profits of the roads in the trust would have been more than six billions. That amount was saved by the people. Neither the consignor nor the consignee pays the freight. The consumer pays it when he buys. To the sale price of every article of merchandise is added the freight charges by the merchant, hence the reduced traffic charge was a saving for the people.

But the railroad trust methods are not adopted by all trusts. All trusts do not save the people money. Neither do all trusts increase the profits of labor in harmony with the profits of capital. When aggregate capital becomes selfish, failing to reduce the cost of its productions for the benefit of the consumer, or fails to increase the price of labor employed in the productions, then the trust is an evil that should be squelched immediately and effectively. There are trusts to-day that have unlimited power in their fields and which have become tyrannical in the abuse of this possessed power. They attempt to crush out of existence all competition by methods positively criminal.

Trusts that say to a retailer, as many of them have said and are saying, "You can not sell our goods if you sell those of other manufacturers," are adopting coercive powers that no one can prove defend, or mitigate. No one would be silly enough to attempt it. Trusts that stop producing simply to increase the price of their productions, when their capital invested is giving them a fair reward, equal to that of the labor employed, are unmitigated evils and would be

better out of existence. No one would say a word to spare or respite them. Mr. Thurber, the president of the Export Association in his testimony before the industrial commission said:

"The only trusts which have succeeded for any length of time have been those which have been conducted on a far-sighted basis of moderate margins of profit, relying upon a large turn-over and the economies resulting from the command of large capital intelligently administered."

They are the only trusts that should be permitted to exist. There are trusts and trusts, some for good, some for evil. It is hard to separate the sheep from the goats, but it is easy to condemn all for the sins of those who have sinned and are sinning.—Exchange.

## INSURANCE QUESTION.

On last Wednesday a fit of excitement prevailed in our city, which was occasioned by a collision between the Grand Jury on one side and Judge Cooper, presiding, and Commonwealth's Attorney Young on the other. As we understand it the Court had instructed the grand jury on the subject of "trusts and combines" that evidence had been adduced before the jury to the effect that there is a local board which a greater number of insurance companies belong, have a fixed rate to which each company is obligated. The grand jury with evidence in hand were about to adjourn without indicting. The Commonwealth's Attorney was in possession of these facts and went before the Court with an affidavit relating same. Thereupon the Court ordered the grand jury brought before him, when he reminded them of their oath and duties as grand jurors, with the further statement that other grand juries would follow them. The jury returned to their room where the question was reconsidered and indictments returned against thirty-one companies doing business here—three of the jurymen dissenting.

To us this appears as a matter of difference in opinion only. The grand jury is composed of our best citizens—men of reputation and high moral standing. They were under oath and we presume no one would question their honesty of purpose. In their hands as grand jurors is the protection of life and property, and it is to their interest as well as to the interest of the community, that they be honest and true.

On the other hand the judge upon the bench and the attorney in the prosecution of his office are likewise under oath and they are of the choosing of the people, because of their ability, their honor and their integrity. There is no reason why they should not be just as between man and man, and hence the action on part of jury and Court appears to us only as a difference of opinion.

Before the meeting of the Court it was our opinion that it would be unwise to indict the insurance companies at this time, and we have had no cause to change our minds.

We can see in this entire matter nothing more than an agreed rate, as between companies, with no view whatever of driving other companies from the field. The fact is we have companies independent of the board, some of which are just as solvent as those in the board, and the people who insure can deal with either according to choice.

On the same ground all professionals which have a schedule rate and who respect it, would be subject to indictment. We believe that all trusts and combines, of whatever character, whose object is the advancement of one against that of the consumer and the la-

borer, should cease to have an existence.

In this government of ours one of its basal structures is equal privileges to all, and no man has a right under the guise of law to appreciate his interests over that of another. This is Democracy, this is right, but we should be able to discriminate between the mere consolidation of capital and between trusts and combines, whose sole purpose is self-aggrandisement.

The meeting of Court and Attorney with the foreman of the grand jury with these differences of opinions was a case of "Greek meet Greek," "diamond cut diamond."

Were the duties of public officers better understood by the people there would be less to do over difference of opinions.

Six negroes of Palmetto, Ga., have registered vows to kill six white men of that place. The first victim of the conspirators was Mr. Hal Johnston, a farmer, who was chopped to pieces with an axe and his wife criminally assaulted. The time has come when the white people of the South will have to fortify their homes and mount huge guns in order to protect themselves from the ravages of such cursed fiends, yet our Northern brethren cry out, when they hear of a negro dying at the end of a rope, or at the stake, "Another Southern Outrage," without considering the crime committed by the fiend.

The brute had justice meted out to him, although in a horrible form.

## LITTLE MULES VERSUS BIG HORSES.

There is no money in raising small mules. Unless a man has a mare large enough to bring a big mule there is no good business sense in raising any. It will be much better judgment to cross with a large, stylish stallion and raise something for which there is a big demand at paying prices.

The Democratic convention of the Third Railroad District will meet in Winchester to-morrow. A full delegation will attend from here, and it appears that notwithstanding Col. A. W. Hamilton will be the only candidate before the convention, it will be well attended. Col. Hamilton will make a brilliant campaign and will poll the full vote.

Representative Cannon, of Illinois has announced as a candidate for Speaker of the next House of Representatives.

Half Sick  
Half Well

Many persons have their good day and their bad day. Others are about half sick all the time. They have headache, backache, and are restless and nervous. Food does not taste good, and the digestion is poor; the skin is dry and scaly and covered with pimples or eruptions; sleep brings no rest and work is a burden.

What is the cause of all this? Impure blood. And the remedy?

Ayer's  
Sarsaparilla

It clears out the channels through which poisons are carried from the body. When all impurities are removed from the blood nature takes right hold and completes the cure.

If there is constipation, take Ayer's Pills. They awaken the dormant action of the liver; they cure biliousness.

## GREAT CONFLAGRATION

At Clay City—Business Portion of the Town in Ashes.

The most disastrous fire in the history of Clay City occurred on Friday morning after 1 o'clock. The fire originated in the second story of Merriett's saloon. The following houses were burned: The saloon, Clarke's store, John Turner's and the Blue Grass groceries, J. W. Williams' dry goods store, Baker & Wareworth's general store, Mrs. Jennie Russell's boarding house and a dwelling.

The fire apparatus of the Clay City Lumber Co. plant was brought into service and no doubt much property was saved by its use. The company has several hundred feet of 3 inch hose and this was connected to the main along the street which is supplied with water by the power at the mill.

# "Every Path Hath a Puddle."

The puddle in the pathway of most lives is a defective circulation due to a blood supply that instead of growing clear and strong like a mountain brook, is stagnant and impure. Puddles may be purified, however, and become limpid streams. That is what Hood's Sarsaparilla does with human blood.

It clarifies, purifies and strengthens the blood, and when this is accomplished, the vital organs, liver, lungs, kidneys, bowels, are all braced and invigorated. It never disappoints.

**Dyspepsia**—Suffered everything but death for years with dyspepsia. Nothing relieved me until I took Hood's Sarsaparilla and it made and kept me well. Can eat anything I wish. Mrs. E. M. Mearns, Hull's Mill, Danbury, Conn.

**Impure Blood**—Five years I suffered with pimples on face and body. Hood's Sarsaparilla cured me permanently. It also cured my father's skin disease. ALAN E. CHART, Tustin City, Cal.

**Erysipelas**—My little girl is now fat and healthy on account of Hood's Sarsaparilla curing her of erysipelas and eczema. It is our family medicine, as we all take it. Mrs. H. O. WHEATLEY, Fort Chester, N. Y.

## FOOT-PRINTS.

And departing leave behind them "Foot-prints in the sands of time."

Foot-prints made by man in passing from the cradle to the grave: All the hopes he has, all the fears he has, and the fame his soul doth crave, Are vain fancies falsely woven; For, where, ere his path may be, Nature's history has proven.

They will not last eternally. Many men with steps though plastic Over verdant fields are led, But the herbage springs elastic Under their unsmiling tread.

Some through sands their course are tracing, Leaving prints but of a day, For ever are the winds effacing The faintest marks on their way.

Some, like Atlas, world-encumbered, Sink into the clay and stone; Still the rain-drops, heaven-numbered, Beat till every trace is gone.

There is no fame that is lasting; Deeper prints have longer stay; Yet all the moulds men are casting The winds and waters wash away.

—C. K. Ogg, in April Cento.

## To the North.

The Queen & Crescent Route has inaugurated a service of observation cars on the famous Blue Grass route between Cincinnati and Lexington. Free parlor cars and Queen & Crescent standard vestibule day coaches. Four trains daily to Cincinnati with close connection with all trains north.

Queen & Crescent trains are without a peer in the south. Seventeen miles shortest line; unequal train service. W. C. RINEBAUM.

Read what the Flat Creek Correspondent of the Owingville Outlook has to say about people who abuse newspapers:

"When you hear an old sore-head that is too prejudiced to subscribe for his county paper, continually prating to his neighbor that the paper is no account, and then always ready each week when the paper arrives to snatch it like a hungry wolf would at a half grown lamb and prop himself up to read and sometimes compel honest subscribers to stand aside till he has perused the last line, set him down right there as a thief and a robber and will bear watching. We believe he would steal the 'd-d shirt off of a negro.'"

## Condition of Louisville Banks.

The abstract of reports from the Louisville national banks at the close of business April 3, as reported to the Controller of the Currency, show the average reserve to be 43.32 per cent. The loans and discounts amount to \$7,281,298.58; total specie, \$886,239.55; individual deposits, \$7,767,660.87, and total resources \$22,491,998.74.

## Limbless Millionaire.

The only armless and legless millionaire on earth is Henry Wendoff, of Mauch Chunk, Pa. He was dismembered in a railway accident twenty years ago. Mr. Wendoff has four artificial limbs which cost him \$25,000, and with these he manages to get along very well.

# COL. BRYAN'S VIEWS ON IMPERIALISM

To the Fresno, Cal., Evening Democrat.

To the Fresno, Cal., Evening Democrat Wm. J. Bryan gives his views on imperialism:

"Dear Sir:—In answer to your request for an article on the Philippine question for your paper, I regret to say that pressure of work upon me at this time makes it impossible for me to write at length.

"McKinley announced in his Boston speech that the policy of the government respecting the Philippines was in the hands of the American people. It is a question which the people must settle, and much depends upon its settlement.

"I think it can be shown from a particular standpoint that it will cost us more to conquer the Philippines and keep them in subjection than we shall be able to make out of the enterprise, and what money does return from the Philippines will not find its way to the pockets of those who supply sons for the army and whose taxation furnishes the sinews of war. It also incites oriental immigration to compete with American labor.

"But there is another and a higher view to take of it than the money view. The principle of conquest is wrong. Our nation has steadily contended against it and it is impossible to calculate the far-reaching effect upon our people of a doctrine that would substitute force for reason in the declaration of the nation's policy. Those who oppose imperialism plead not for the Philippines but for the American people. Our nation is strong enough to do harm, but it ought to be too great to do wrong.

"I feel confident that the sober second thought of the American people will sustain those who believe that the Philippines should be treated like the Cubans, namely: Given their independence and protected from outside interference.

Very truly yours,  
WM. J. BRYAN."

On Tuesday J. H. Henry delivered to W. B. Kidd 36 261-pound cattle hogs at \$3.60. This is the best bunch of hogs sold and the highest price.

# How to Find Out. Fill a bottle or common glass with your water and let it stand for twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold water and sealing pain in passing it, or bad effect in following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. At druggists fifty cents or one dollar.

You may have a sample bottle and a book that tells more about it, both sent absolutely free by mail, if you send your address to Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure and mention that you wish this generous offer in the Mt. Sterling Advocate.

# TRAMP A VERY SUCCESSFUL LOVER

Rich St. Louis Man in a Queer Disguise.

A few weeks ago William Hulbert, of St. Louis, went to Harrodsburg, Ind. in tattered garments begging money. He was compelled to walk on two crutches. He claimed that he was wounded in a railroad wreck a number of years ago, and after suffering many months in a hospital, had come out almost unable to walk.

From there he went to Danville, Ky., and met Miss Carrie Bell Tuttle, a charming young lady, who fell in love with him at first sight.

Last Tuesday night they went to Harrodsburg, aroused the county clerk, procured a marriage license and were married by Rev. H. Pearce Atkins, at the Commercial hotel. Wednesday morning they were taking in the town in a rubber-tired carriage. It has developed to the chagrin of a number of Harrodsburg's charitable people, that Hulbert is very wealthy. Miss Tuttle is said to be a popular society lady of Danville.

## Modern Railway Equipment.

The equipment of the modern railway service is growing better every day. The highest point of excellence is reached in the "Pacific Coast Limited," a new train now operated between St. Louis and Los Angeles and San Francisco, via the "True Southern Route."

Leaves St. Louis every Tuesday and Saturday via the Iron Mountain Route, and makes the run to Los Angeles in two days and a half.

The equipment of this incomparable train consists of a composite car, with barber shop, bath room, buffet and observation, smoking and library compartment, ladies' private compartment car, with seven drawing rooms and an observation parlor, two or more Pullman ten-section double drawing room sleeping cars, and in addition to this equipment a superb dining car, in which meals and service are of the very best, and where the traveler can regulate his expenses by his inclination, as all meals are served a la carte.

We have representatives in the chief cities, whose pleasure it is to furnish information to all who will take the small trouble to address an inquiry, either in person or letter, to any of them, or descriptive literature and full particulars will be furnished on application to

## Ebenezer Presbytery Met at Sharpburg.

We clip from the Bath County World of Sharpburg, of Friday, the following:

"The opening sermon of Ebenezer Presbytery, which met with the Presbyterian church here, was preached Tuesday evening by Rev. W. C. Roberts, D. D., President of Centre College, Danville. His theme was 'The Bible,' and his text Rev. 22: 7, 'The sayings of this book.' The sermon was a scholarly discourse upon the Word of God.

"The Presbytery was called to order by Rev. F. J. Cheek, the retiring Moderator, and after the roll-call by Rev. W. C. Roberts, D. D., Stated Clerk, Rev. J. P. Whitehead, of Newport, was elected Moderator, and Rev. J. N. Erwin, of Dayton, Permanent Clerk.

"Wednesday morning at 11 o'clock, Rev. W. O. Goodloe, D. D., of Harrodsburg, preached a memorial sermon on the life and character of Rev. R. F. Caldwell, taking as his theme, 'The Country Pastor,' and text, 2nd Tim. 3: 17, 'The man of God, thoroughly furnished.' It was a beautiful tribute to the country pastor and especially to the life and character of that good man who labored so faithfully the greater portion of his life, among the people of this and adjoining communities in his Master's cause.

"Rev. W. S. Fulton, D. D., of Lexington, and Elder J. C. Stevenson, of Murphysville, were elected Commissioners to the General Assembly which meets at Minneapolis in May.

"Wednesday evening interesting addresses were made by Rev. Donald McDonald, of Shelbyville, and Rev. J. N. Erwin, of Dayton, the former on Home Missions and the latter on General Home Mission Work."

On Thursday morning Trumble of THE ADVOCATE went to spend the day and reports some items. The subject under discussion when he arrived was the establishment of churches in Knott county. The decision by vote was that a church should be built at Jones' Chapel, 2 1/2 miles from the town of Hindman, the county seat. Inasmuch as the Methodists and Baptists are already established there, the Presbytery thought it wise, for the present, at least, not to organize in Hindman. Contemplated organization at Presbytery was likewise postponed. The Moderator then questioned Mr. Harry Rogers of this city concerning his motives and desires which influence him to choose the ministry as his life work. The examination was satisfactory and Mr. Rogers was received under the care of the Presbytery, preparatory to his college training for the ministry.

There were four applicants for license to preach: Thos. W. Rainey, Mt. Sterling; W. A. Daniel, Newport;

L. A. Barrett, Covington; Thos. P. Grant, Frankfort. They were examined Hebrew, Greek, Church History, Theology, etc. This closed the business of the forenoon.

In the afternoon each of these young men preached a trial sermon of ten minutes. After their examinations had been reviewed and sermons heard, the Presbytery passed upon the applicants and to them were granted license. They still have one year in the Seminary.

There were present during the session 16 Ministers and 8 Elders. The Presbytery embraces 24 churches. The sessions closed on Thursday evening when Revs. Condit and Barber preached.

The writer dined at the home of Dr. Howard Sharp.

We saw the following Mt. Sterling people who attended: Mesdames Thos. Rogers, Chas. Donohue, Daniel Jones, Jas. English, Mrs. Sharp, and Miss Lillie Stephens.

## Ladies' Missionary Societies.

We also clip the following from the same paper concerning the Ladies' Missionary Societies: "The meeting of the Ladies' Missionary Societies were very interesting. Wednesday morning the address of welcome was beautifully delivered by Mrs. A. W. English; response by Miss S. B. Scott, the President. The

devotional exercises were conducted by Mrs. J. L. Blackburn, of Covington. "Why are Home Missions Needed in Our Country?" was an excellent paper by Mrs. C. H. Donohue, of Mt. Sterling. After the devotional exercises a solo, 'Jesus Bids Us Shine' was sung by Little Frances Cheek, son of Rev. F. J. Cheek, was greatly enjoyed. The officers were re-elected, with the following changes: Mrs. F. J. Cheek, First Vice President in the place of Mrs. A. J. Arrick, and Mrs. F. Rogers, Third Vice President in the place of Mrs. J. N. Erwin."

## Speaker Reed May Resign.

Speaker Thomas B. Reed has resigned his seat in the New York law firm and, it is understood, will resign his seat in Congress and move to that city. Mr. Reed is now preparing for a trip to Europe, and declines to discuss the rumor of his coming resignation.

## CONVENTION

## Health Precautions in Havana.

Havana physicians are now fined \$50 for each case of yellow fever, smallpox or other infectious disease which they fail to report to the Chief of the Sanitary Department.

## Beware of Ointments For Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure to get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists, price 75 cents per bottle.

## Hall's Family Pills are the best.

## The Republican Convention.

The nomination of H. S. Irwin for Railroad Commissioner, being a foregone conclusion, was the last interesting part of the proceedings of the Republican convention of the Second Railroad District held in Louisville on last Wednesday. The Federal office-holders were in entire control, and rode rough-shod over the Hambrick faction in Jefferson county.

Even Gov. Bradley failed to restore peace by casting himself into the breach.

In fact the Governor demanded harmony with so much vigor that he found himself involved in a give-and-take controversy with a postmaster, in the course of which he referred to Dr. Godfrey Hunter as a man "not worthy of respect and honor."

## No Senator Elected.

The last ballot for United States Senator was taken by the Pennsylvania Legislature on last Wednesday, and the deadlock remained unbroken. The session ended at noon on Thursday, leaving Pennsylvania with but one representative in the United States Senate.

But, then, that's nothing, for her gift on Quay, put in most of his time shaking plum trees anyhow.

He who loses his conscience has nothing left that is worth keeping.

## GREENBACKS or Government Money.

At close of our Civil War in 1865, there appeared in the London Times the following:

"If that mischievous financial policy which had its origin in the North American Republic during the late Civil War in that country, should become indurated down to a fixture, then that government will furnish its money without cost. It will have all the money that is necessary to carry on its trade and commerce. It will become prosperous beyond precedent in the history of civilized nations of the world. The brain and wealth of all countries will go to North America. THAT GOVERNMENT MUST BE DESTROYED OR IT WILL DESTROY EVERY MONARCHY ON THIS GLOBE."

The famous Hazzard circular, to capitalists in New York, and the Buell Bank circular to United States Bankers, both emanating from London, and the fabulous corruption fund raised in England and Germany, estimated at \$1,500,000, were the agents that secured the closing of our mints against silver.

The "walk into my parlor" policy of England, during and since the Spanish War, is the latest evidence of English Diplomacy in shaping the destiny of the United States Government.

Notwithstanding the famine price of wheat, the Spanish War, and fabulous expenditures of money by our government during the past year, gold has increased in value eleven per cent, and all other values decreased in the same proportion.

For a thorough understanding of the money question, or silver issue, the Cincinnati Enquirer has uniformly given evidence of its ability to teach, explain and produce all facts and truth. It is a paper that ought and can be read by all classes with pleasure and profit.

### Anthony Hope's Latest Romance.

Anthony Hope's new romance, "The Countess Emilia," beginning in the May Ladies' Home Journal, will be read with the greatest interest by its author's admirers in this country. In the very opening chapter the reader's curiosity is aroused in the liveliest possible way. The story is in Anthony Hope's characteristic vein, and carries one's interest as unwaveringly as did the "Prisoner of Zenda," with which he entertained and delighted every lover of a good story well told.

### Fire.

The residence of James Gillispie caught fire last Saturday morning about 10 o'clock. Mr. Gillispie was attending to farm duties and Mrs. Gillispie was in Lexington, where she had taken her mother, Mrs. Kate Smith, to have her eyes operated on, and at the time of the fire no one was at home except a niece of Mr. Gillispie and the baby, which was in the house asleep.

The flames spread with such rapidity that only a few pieces of furniture were saved.

It was reported that it was with difficulty the babe was saved, but as soon as fire was discovered it was taken from the house.

Loss \$1,500, with insurance of \$650.

### At Death's Door.

Ex-Chief Justice B. J. Peters, now in his ninety-fourth year, is very feeble. His speech and continuous stupor indicate a slight attack of paralysis, which is notice of early demise. Those dear ones who have been watching these later years expecting the moment to come when his spirit would be released from its earthly tenement, say he may never see the light of another day. Judge Peters was one of the most gifted lawyers of his day. He is remarkable in vitality, having attended church twice last week.

### STANDARD AND REGISTERED.

## AARON ALLEL, 22211.

Rich brown, weighs 1200 pounds; stand 16 hands, gelding measure; 16 1/2 hands, stallion measure.

Sired by Idol Wilkes 512, first dam Maggie O, by Triton 957; second dam Mollie by Darby 441; third dam Jane by Royal George 83.

Idol Wilkes (sire of J. H. L. 2:08 1/4, Robert Wilkes 2:09 1/4, and four others), by Geo. Wilkes 2:22 (the greatest trotting sire, by the records, having over two thousand descendants in the list).

Triton 957 (sire of McDowell 2:25, also full brother to Trunket 2:14), by Princeps (sire of 27 in list, grand-sire of 90), first dam by Hambletonian 10.

Darby 441 (sire of Lady Thorn 2:25, and R. F. C. 2:23 1/4), by the greatest of brood mare sires, Mambrino Patchen 58.

Royal George 81, record 2:35 1/4; (sired Lady Byron 2:28), by black Warrior.

AARON ALLEN'S blood lines are good and strong, uniting the blood of Geo. Wilkes and Mambrino Patchen, called the "golden cross." He has fine natural action, has never been on a track, but has trotted a dirt lane a measured quarter, to road cart, in 40 seconds.

His color is large, handsome, stylish horses, some of them having shown speed, and all are good sellers. I do not claim that I will get fine lookers from all little scrubby mares, but I do say that I have seen some such from mares of this description.

Knowing that we needed a large, handsome, stylish, well-bred trotting stallion here, so that the foals, if they did not trot would make good sellers, I hunted Kentucky over and found just such a horse.

Fifteen hundred (\$1500) dollars has been refused for him, and he will stand at the exceedingly low price of \$1,000 cash.

Or, note due in six months, with return privilege. Limited to two mares per day. Those booked will be given the preference.

Mares from a distance, \$2.00 per month. Best of care, but not responsible for accidents or escape.

Aaron Allen is absolutely sound. None have better eyes, feet and legs. He is a sure foal getter.

On last Tuesday afternoon at 3 o'clock, at the residence of N. H. Witherspoon, his daughter, Miss Linna, was married to John M. Stevenson, of Georgetown, the groom's father officiating. The groom is an attorney and County Superintendent of Schools of Scott county. The relatives and only a few friends were present. Saxton furnished the music. An elegant lunch was served. The bride and groom drove to Lexington and started on a trip to South-eastern cities.

**Compliment Deserved.**

For more than a month architect Ed. William, of the firm of William Broe, of this city, has been contending with architects from Knoxville, Louisville and other places for the remodeling of the Baptist church at Shelbyville. Mr. William landed the job last week. The greater the compliment when it is understood that Shelbyville is known as a place of modern architecture, of cultured taste; that it is a place of colleges and churches, that they have some of the handsomest church buildings in the State, and that this one is to be the handsomest of them all. We congratulate Mr. William.

If any of our lady readers get from home to have their dresses made, we ask them to call on Mrs. John Maupin, 94 West Main street, Lexington.

J. W. Moss and S. J. Ratliff bought about 35,000 pounds of tobacco in Fleming county last week, paying good prices.

See the advertisement of Mrs. John Maupin, fashionable dress maker, of Lexington.

**RELIGIOUS.**

See on page five an account of the Presbytery and Methodist conference.

On next Sunday evening Rev. W. J. Hollis will preach on the subject, "Sanctification."

Rev. H. Clay Raney and son went to Cynthiana, where the son preached on Sunday.

Services next Sunday Morning and night at the Presbytery church by the pastor Rev. Henry Miller.

Rev. J. W. Mitchell preached two excellent sermons Sunday morning and evening at the Methodist church.

Be sure to read the letter of Miss Fannie Hiltz, the Methodist missionary in Korea. It is in this issue. Read it.

Mr. Edward Marshall, from Centre College, preached two excellent sermons at First Presbyterian church on Sunday.

Rev. W. S. Fritton, of Lexington, lectured at Sharpburg on Saturday evening, subject John Knox. He preached twice on Sunday.

Rev. W. J. Hollis will assist pastor Edward Stubbfield in a protracted meeting with the Flemingsburg Baptist church beginning May 21st.

Rev. M. G. Buckner preached at the North Middletown Christian church on Sunday, and the pastor of that congregation preached at Washington.

Rev. S. H. Durand, of South Hampton, Penn., a teacher of the old school Baptist doctrine, will preach at the homes of J. W. Ratliff, R. M. Burbridge and Mrs. Susan Lane on Tuesday and Wednesday, May 24 and 25.

Walnut Street Baptist church will not allow whiskey dealers, whiskey makers or whiskey drinkers to remain in their fellowship. Dealers and makers are given one year in which to get out of the business. It did not please Mr. Waterson, of the Courier-Journal, so he wrote an editorial on it last week and in Monday's Courier-Journal Dr. Eaton, pastor of the church, proceeded to puncture Waterson's sack and let the wind out. Meeting at the Christian church will continue this week; interest unabating. There have been 42 additions up to the present. The following are the subjects for the week: Tuesday—Christ and the Young Ruler. Wednesday—The Fascination of Evil. Thursday—The Dead Line of the soul. Friday—Choose Whom You Will Serve. Saturday—Why Tarliest Thou? Sunday, a. m.—The Great Rejection. Sunday, p. m.—Sowing and Reaping.

**First Tour in America.**

The famous Mexican Bull Fighters, an eminently Mexican spectacle, consisting of 60 genuine Mexicans, in a true representation of Mexico's National Sport, the bull fight will exhibit at Mt. Sterling, April 29th. This is the first tour of this mammoth aggregation in America, therefore this is the first time that the American people have had an opportunity of witnessing in this country this novel, exciting and interesting exhibition. An American Amusement Syndicate conceived the idea of bringing this organization to this country; they have now extended their plans and the result is one of the most original and sensational exhibitions of the age—something new and never before witnessed in this country. The performance requires a mammoth enclosure 1,500 feet in length. Within these walls is a vast arena 300 feet in diameter, around which there is a wire fence 7 feet in height, which affords ample protection to the thousands of persons that visit this, the greatest of modern amusement enterprises.

**Get Your Gun!**

The Leader, of Lexington, says that a syndicate, composed of Dock Hicks, of Frenchburg; Col. E. F. Clay and Catebay Woodford, of Paris, has been formed to establish a deer park on Tarr Ridge in Menefee county. The park is to contain 600 acres. The deer are to come from National Yellowstone Park. Yes, get ready to shoot. The people of Menefee probably know of Tarr Ridge.

**DEATHS.**

**HENRY.**  
J. T. Henry, of Plum, Ky., went to Louisville and was operated upon on Sunday, April 9. He died in that city on Thursday afternoon, April 20. His body was brought through this city on Friday. The burial occurred on Saturday morning at the Henry Boardman graveyard, near Plum. He was a son of Geo. Henry, of near North Middletown. He leaves a wife and five children. His condition was not regarded as serious, and his many friends will be grieved to hear of his death.

**THOMAS.**

Mr. John J. Thomas died at his home at Preston on last Thursday, April 20. Burial in Owingville cemetery on Friday. Mr. Thomas was one of the best known men in this and Bath counties.

**Wolfe County Democrats.**

At a called meeting of the Democrats of Wolfe county, held, in the Court house, in the town of Campton, on the 15th day of April, 1899, to send delegates to the general convention to be held in Winchester, Ky., on the 26th day of April, 1899, to nominate a Democratic candidate for Railroad Commissioner for the Third Railroad Commission district of Kentucky.

J. H. Stamper, Jr., was elected chairman and W. S. Tuit, secretary of said convention. A. H. Stamper, J. R. Hollan and A. D. Lykins were appointed a committee on resolutions, and reported the following resolutions which were unanimously adopted by said convention:

1st. Resolved, That we approve of the time and place of holding said convention.

2d. Resolved, That we endorse the Democratic national platform of 1896, so ably defended by the matchless W. J. Bryan.

3d. Resolved, That we condemn the present administration in their unpatriotic, inhuman and cruel war of conquest now being waged on the Philippine Islands, and its policy of expansion at the cost of American blood and money, and in an attempt to subject an unwilling people and abrogate their liberties, which we deem to be "criminal aggression."

4th. Resolved, That the 5 votes of Wolfe county be cast for the Hon. A. W. Hamilton, of Montgomery county, for Railroad Commissioner in this, the Third Railroad district, of Kentucky.

5th. Resolved, That J. A. Taulbee, A. H. Stamper, H. F. Peratt, T. P. Stamper, J. R. Hollan, J. F. Vansant, A. F. Byrd and Spencer Cooper be appointed delegates to attend the district convention to be held at Winchester on the 26th day of April, 1899.

6th. Resolved, That in the event said delegates do not attend said convention the Hon. Courtland P. Chensault, of Montgomery county, is authorized to cast the vote of Wolfe county on all matters arising in said convention, as per instructions.

7th. Resolved, That the proceedings of this convention be published in the Hazel Green Herald, and all other Democratic newspapers in this district are requested to copy.

A. H. STAMPER,  
J. R. HOLLAN,  
A. D. LYKINS,  
Committee on Resolutions.

**Removal to Indiana.**

On yesterday J. B. Tipton began boxing up his stock of drugs preparatory to removal to Martinsville, Ind. He and his son Alban and wife will leave this week. After opening up their new store, he will return to this city, where he will continue to make his home. He has been in the business here several years. We commend Mr. Alban Tipton and wife to the people of their new home. He has had eight years experience as a druggist. He attended the Louisville School of Pharmacy and stood high in his class.

Mr. Charles Donnoune has bought and shipped within the last three weeks about 800 hogs, average 200 lbs. and ranging in price from \$3.25 to \$3.50 which brought into the county about \$5,500.

Special train and excursion rates to Huntington, W. Va., May 6th, on account of the performance of Wallace's Combined Worlds Greatest Circus.

**BIRTHS.**

At Millersburg on April 18th, to the wife of Claude Vietnam, a son—Thompson, a nickname of the grandfather, R. L. Thompson.

Born, on the 11th inst., in Louisville, to the wife of Capt. John Carmichael, a daughter.

**On the Cumberland.**

Dr. Wm. VanAntwerp, C. C. Perry, H. R. French, Ed. Mitchell, G. L. Kirkpatrick and Geo. Coleman are on the Cumberland fishing this week. No doubt they will land many good ones, and have narrow escapes beyond number.

**Aaron Allen, 22.21.**

I offer to the farmers of this and adjoining counties at the exceedingly low fee of \$10.00, the use of a standard bred stallion that has demonstrated his ability to get large, handsome, stylish and good sellers from small mares. There is no doubt but that the horses of this section are too small, and the remedy for this is to use large stallions.

The demand now is for big horses for all purposes; they cannot be gotten too large, provided they have beauty and good action. My horse is well enough bred to sire speed. In any event you are sure of getting something useful and a good seller. Am told by many good judges that he is the best stallion ever brought into this section. All I wish is for men to see him before making arrangements elsewhere.

**W. E. BEAN, Manager.**

Howard's Dairyman is one of the best of its class published. Every person who owns a milk cow should be a subscriber to it. With the ADVOCATE we furnish it for 75c, the two for \$1.75. Subscribe at once and learn the latest methods of handling milk and butter.

Messrs. R. Harper, C. G. Ragan, Judge John D. Young and Capt. Jack Stewart were on State fishing last week. They caught about 100 good ones, so they say.

Mr. Barney Campbell has the contract for sprinkling and is actively at work. The City Council will accept our thanks.

# DON'T DESPAIR!

An American Scientist's Great Work.

Consumption, Pneumonia, La Grippe, Asthma, Catarrh, Bronchitis and All Lung and Bronchial Troubles Can be Positively and Permanently Cured.

Dr. Slocum's System of Treatment Has Revolutionized Old-Time Theories.

A Free Course of Treatment for All Sufferers for the Mere Asking.

SCENE IN THE SLOCUM LABORATORIES, NEW YORK CITY. The Doctor Demonstrating to Medical Men, Scientists, Statesmen and Students the Value of the New Slocum System of Treatment for the Permanent Cure of Lung Consumption, Catarrh and All Pulmonary and Wasting Diseases.

Do you cough?  
Do your lungs pain you?  
Is your throat sore and inflamed?  
Do you spit up phlegm?  
Does your head ache?  
Is your appetite bad?  
Are your lungs delicate?  
Are you losing flesh?  
Are you pale and thin?  
Do you lack stamina?  
These symptoms are proof that you have in your body the seeds of the most dangerous malady that has ever devastated the earth—consumption.  
Consumption, the bane of those who have been brought up in the old-fashioned beliefs that this disease was hereditary, that it was fatal, that none could recover who were once firmly clasped in its relentless grip.  
But now known to be curable, made so by the most stirring discoveries of that man whose name has been given to this new system of treatment.  
Now known to be preventable and curable by following and practicing his hygienic teachings.  
The new system of treatment will cure you of consumption and of all diseases which can be traced back to weak lungs, as a foundation.  
It is not a drug system, but a system of germ destruction and body building.

Not guesswork, but science.  
Not a step backward, but a stride out of the old rut.  
Made possible only by Pasteur's, Virchow's, Metchnikoff's and Slocum's latest discoveries in bacteriology, hygiene and therapeutics.  
In plain English, a system of modern scientific disease curing.  
The system consists of Four Preparations which act simultaneously and supplement each other's curative action. You are invited to test what this system will do for you, if you are sick, by writing for a free treatment to the Slocum Laboratories, New York City.  
WRITE TO THE DOCTOR.  
Send your name and full present and postoffice address to the Slocum Laboratories, 48 Pine street, New York, and mention this paper, and the Free Four Preparations of medicine will be forwarded you.  
The system is a positive cure for consumption, that most insidious disease, and of all lung troubles and disorders complicated by loss of flesh, coughs, Catarrh, Asthma, Bronchitis, etc.  
Thin, pale, weak people become fat and hearty by its use.  
The test is to try it.

## Jefferson's Principles.

In view of the fact we have to-day the trusts, imperialism, betrayal of the people by "representatives," extravagance in public office and unnecessary taxation, a monstrous and growing public debt, censorship of news, favored classes and nepotism, the following statement of Thomas Jefferson's "Democratic principles" is interesting:

The people the only source of legitimate power.

The absolute and lasting severance of church and state.

The freedom, sovereignty and independence of the respective States.

The Union, a confederacy, a compact, neither a consolidation nor a centralization.

The constitution of the Union, a special written grant of powers limited and definite.

The civil paramount to the military power.

The representative to obey the instructions of his constituents.

Elections free and suffrage universal.

No hereditary office nor order nor title.

No taxation beyond the public wants.

No national debt if possible.

No costly splendor of administration.

No prescription of opinion, nor of public discussion.

No unnecessary interference with individual conduct, property or speech.

No favored classes and no monopolies.

No public money expended, except by warrant of special appropriation.

No mysteries of government inaccessible to the public eye.

Public compensation for public services salaries moderate and prevailing economy. THOS. JEFFERSON.

## Increases Assessments.

The State Board of Equalization on last Wednesday completed final assessments in the counties of Bracken, Logan, Jackson and Owsley. In Bracken the preliminary assessment of both farm lands and town lots was increased 20 per cent. In Logan farm lands were increased 9 per cent, and town lots 4 per cent. The local assessments in Jackson and Owsley were allowed to stand as final.

## No Volunteers in Cuba.

All the State volunteers who went to Cuba have now left the island. All the volunteers now left in Cuba are the negro regiments at Santiago, and they will be relieved by the Tenth Cavalry.

The snow blockade on the Colorado Midland railroad west of Leadville lasted for 77 days and was broken on April 14.

## Can't You Trust Mamma?

These words were uttered by an anxious, loving mother as she bent over her suffering boy to administer some medicine which the physician had ordered.

Only two drops.

As the patient was about to take the dose from his mother's hand, he looked up into his face and asked:

Are you sure there are only two drops in that spoon, mamma?

And the mother looking down at him tenderly, said:

"Can't you trust mamma?"

As the suffering patient heard these words from the lips of his loving, untiring mother—for love never tires—he seemed satisfied, and swallowed the dose without any more misgivings. So let us trust our Father's hand and take from Him the needed discipline of life.

The man is usually in the right who owns himself in the wrong.

## Help the Cause.

There has never been a political campaign that equalled in importance that of the one to be fought this fall. The Republican party, backed by the money power of this country and Europe, is alert and aggressive. Flushed with the victory of two years ago, it will seek by every means in its power to maintain its supremacy.

Democrats must be up and doing. They must wage an unceasing war upon their enemies. In no better and more effective way can this be done than by the circulation of good, sound Democratic newspapers. The publisher of the Chicago Dispatch, the great national Democratic weekly,

will send to every subscriber for three months a copy of the Chicago Dispatch. If you are not already taking the great political weekly, send in ten cents at once and receive the great paper during the coming campaign. You should not only do this yourself, but you should induce all your friends to join with you. By a little effort you can easily raise a "dozen" or twenty subscribers. If you are to have a sale of your stock, farm products, household and kitchen furniture, advertise in the Advocate.
